NOTES:

Note 1: This flowchart provides a snapshot of the Post-Award Phase in the SPAWAR Contracting Process. This is only a guide in defining when in the process these tasks normally occur – the exact location in the contracting cycle for each item is somewhat flexible depending on program/contracting action dynamics. A detailed analysis of each event in the Post-Award Phase can be viewed by clicking on the appropriate event.

Note 2: The Official Contracting Process is defined in the SCPPM.

Note 3: Please refer to the governing directives for official guidance.
